

# DRINK KLINK.<sup>™</sup> CHANGE LIVES.

KLINK Coffee changes lives by providing training and jobs for people returning home from prison.

Good jobs help them get off to a good start. That makes families stronger and our communities safer. Plus, it reduces costs to government.

Each cup of KLINK you drink helps make that possible.

## A Roast for Everyone!

### Our Tasting Notes:

#### MEDIUM ROAST

Tropical fruit, winey, toasted almond, caramel

**KLINK's** medium roast coffee features beans from Nicaragua, Peru, and Tanzania, which when combined present a balanced cup, full of nuanced characteristics. Beans from Nicaragua provide the strong base, with a touch of sweetness. Beans from Peru provide the 'low-note' heaviness and body. And the Tanzania beans from the Ngoro Ngoro gorge are added for their delicate sweet, fruit-flavours.

#### DARK ROAST

Bittersweet Chocolate, smoky, full bodied

**KLINK's** dark roast is what is known in North America as a French roast, it's actually much darker than a traditional French coffee. The coffee is roasted to the point that the beans reach a deep, dark brown color and aromatic oils coat the surface of the beans.

#### ESPRESSO

Caramel, red berries, walnuts with a sweet, buttery finish

**KLINK's** espresso is jam-packed with flavour, while still maintaining remarkable clarity as both a straight espresso or in milk-based drinks. A stellar example of the sophisticated flavor spectrum that espresso drinkers across North America have come to expect.

#### DECAF - MEDIUM ROAST

Buttery, caramelized sugar, dark chocolate, clean finish

**KLINK's** decaf is an exceptional, single origin coffee from a progressive, Rainforest Alliance certified producer group in South America. Roasted to a medium level to accentuate its buttery body and caramelized sugar flavors. With its dark chocolate notes and clean finish, this decaffeinated coffee is ideal for traditional drip and espresso brewing.

# Coffee Line Up

All available in a  
format suited to your needs.

2 Lb. Bags

3/4 Lb. Bags

Red & White  
16oz. Ceramic Mug

KLINK™ is a social enterprise founded by the John Howard Society of Toronto, an internationally recognized leader in providing reintegration services. Please see [www.drinkklink.com](http://www.drinkklink.com). KLINK Coffee is proudly roasted by Reunion Island, Canada's 'greenest' coffee roaster and Roast Magazine's Macro Roaster of the year 2015. KLINK Coffee is available 3 ways. Our staff would be pleased to ship your order directly to you. KLINK is available in office coffee service exclusively through Imperial Coffee Service and is also available online and distributed by Cultured Coffee Bean.

---

Dear Friend,

Thank you so much for your interest in KLINK!  
Through our sales we are able to offer training, employment placements and support to our clients returning home from prison. Our goal of keeping neighbourhoods safe is achieved by helping individuals become productive and contributing community members. I hope you agree that both our cause and our coffee are worth your investment. Please enjoy it.

Sincerely,

Sonya Spencer  
Executive Director
